

Embassy of India

Moscow

Action Plan for Mission LiFE at Embassy of India, Moscow

Following are the proposed action points in respect of this Embassy for the Mission LiFE awareness campaign from 10-14 July 2023:

1. Energy Saved: SAVE ENERGY CAMPAIGN

- (a) Mission to use LED bulbs / tube-lights.
- (b) Switch off all the electric appliances when not in use & keep temperature of Air Conditioners to 24 degrees.
- (c) Use public transport or carpooling with friends and colleagues wherever possible.
- (d) Switch off vehicle engines at traffic lights.

2. Water Saved:

- (a) Fix leaks in flushes, taps and water pipes of the Embassy.
- (b) Turn off running taps when not in active use.

3. Single Use Plastic Reduced:

- (a) Embassy Premises to be Plastic Free Zone.

4. Waste Reduced (Swachhata Actions):

- (a) Set printer default to double-side printing.
- (b) Do not discard waste in public spaces.

5. Healthy Lifestyles adopted:

- (a) Plantation of trees to reduce the impact of pollution - Plantation of trees in JNCC premises

6. Upload Mission LiFE circular on Mission's website and social media handles (viz. Twitter, Facebook etc.)

7. Installation of standies for promotion of Mission LiFE activities in 3 Embassy buildings.

8. Screening of Mission LiFE videos on loop in Consular Hall to bring awareness.
