

Action Plan of NSS for conducting activities on Mission Life during the calendar year 2023

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
January 2023	Environmental Awareness	Create the Awareness on Environment issues	10,237	7,61,826
	Awareness Seminar for Climate Change	Motivation and Awareness		
	Awareness lectures on Mission Life -fight against climate change	Awareness will be created and make as responsible citizens to fight against climate change and pro planet people with by their responsible actions		
	familiarize the concept of Reduce, Reuse and Recycle among students	students will adopt the concept of Reduce, Reuse and Recycle in their life		
	Awareness lectures on Renewable energy for students	Awareness will be generated on renewal energy		
	Introduction on Mission Life	Volunteer and students will come to know the approaches and aims of Mission Life		
	Formation of village/slum level committee on Mission Life at NSS adopted village/slum. Formation of Mission LiFE club at institution level.	Forming Village/Slum/Institute Mission Life club will give recognition to youth and at the same time it may help in implementing programme.		
	Awareness on renewable energy, popularization of use of LED and solar energy, organic farming, etc. - Special camping	It may help the NSS volunteers and adopted village youth to understand the practices which are good to the environment.		
	Orientation of NSS functionaries on Mission Life through circulation of IEC material on Mission Life	NSS functionaries will be aware on Mission Life		
	Webinars on Mission Life	Awareness on Mission Life		
	Awareness about Eco friendly energy sources	Spreading knowledge about renewable energy resources.		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
February 2023	Seminar on Global Warming	environmental awareness	12049	657724
	Seminar on Mission Life	Create the Awareness on Environment issues		
	Healthy life style			
	Awareness Seminar for Pollution Control	Motivation and Awareness		
	Human chain to create awareness on climate change and environment protection	Students create awareness on adverse effects of climate change among public		
	Introduction on SDGs with special focus on Climate Action.	Knowledge on SDGs will give an idea about the main challenges faced by the world and what should be the duties of the citizen to overcome those problems.		
	Introduction to importance of behavioral change influencing climatic change and judicious use of resources.	It may help to understand the available resources in the community and how to use judiciously without harming the environment		
	Training of Trainers and Peer Educators on Mission Life.	A team of trainers and peer educators will be madev ready to disseminate knowledge on Mission Life and type of activities to be undertaken to save environment and climate.		
	Observance of World Sustainable Energy Days from 28th February to 3rd March 2023	Youth will understand the meaning of sustainable energy and can formulate plan for clean and green energy		
	Programs on Reduce Reuse & Recycle			

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
March 2023	Cycle Rally for saving environment	physical fitness	12295	635772
	Promoting the use of Public Transport	To create energy conservation and saving environment		
	Celebration on World water day	World water day - Creating awareness		
	Aware to Villagers for healthy Environment	Awareness to Community, Peoples & Youth,		
	Observance of World World life Day	Mass may understand that balanced ecosystem is required for better climate.		
	Observance of World Water Day and Earth Day	People will understand the importance of water and ecosystem.		
	Visit to adopted village for awareness on waste management and renewable energy	Volunteers and community members of NSS adopted village will be aware on segregation and management of waste. Also understand about the importance of renewable energy		
	Lecture on poverty and food crisis	Importance of food wastage and how to overcome from poverty.		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
April 2023	Seminar on side effect of Pollution on Health	to create awareness on Pollution effect on life	9037	469999
	Seminars on Disaster Management	create awareness to save life in time of Disaster		
	Discussion on water and Sand management	Discussion on water and sand management		
	Youth and Environment Growing together themed rally	Awareness to Community, Peoples & Youth,		
	Poster making Competition on Mission Life - fight against climate change	Awareness will spread with young mass		
	Awareness on minimum usage of electricity at NSS volunteers houses	Awareness to save electricity		
	Observance of World Aquatic Animal Day	Volunteers and students will be aware on aquatic animal and its importance in maintaining the ecosystem.		
	Lecture on importance of diversity in nature			
	Lectures on Watershed management	Volunteers will come to know about the conservation techniques of water resources.		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
May 2023	Seminar on Use of technology in day today life	awareness on ease of life using Technology by curbing pollution	10422	608154
	Quiz competition of Environment	To create awareness on Environment		
	Awareness on usage of LED bulbs	Awareness on usage of LED bulbs		
	Observance of International Day for Biological Diversity	Volunteers will understand ecology, ecosystem and bio diversity and relation with climatic change.		
	Competition of Quiz, Slogan writing, poster making and painting competition on Environment			
	Awareness drive to avoid wastage of water	Volunteers will come to know the importance of water and how to preserve them for our future generation. And make them aware to not to waste the water.		
	Programs on Water Conservation	Awareness to save Water		
	Providing drinking water for Birds & Animals in Hot Summer	Providing drinking water to Birds & Animals by NSS Volunteers		
	Awareness to households about various energy saving Methods	Door to door Campaign to create awareness about energy saving methods		
	Lectures on Impact of deforestation on human life	Create awareness among students about the importance of forests.		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
June 2023	seminar on water conservation and techniques	Practical implication of water conservation before rainy season	19523	1337506
	seminar Organic farming and its benefits	To create awareness on organic farming helps in healthy life		
	Yoga Day	Yoga for Healthy life		
	World Environment Day Celebration	Awareness creating in students community and action to protect our environment.		
	Awareness Programme on Global Warming	Raising awareness and there by understanding of the effects of climate change		
	Save water			
	Cleaning of local water bodies	For the purification of the drinking water		
	Cleaning of storm water drainage system in adopted slums/villages	Awareness among the volunteers and students regarding the hygiene and to keep surrounding clean for our healthy life.		
	Lectures on effective use of Natural resources and materials	Creates awareness about the Sustainable development		
	Rally to create awareness about eco friendly ways to reduce waste at home	Spreading the Ways to reduce all types of wastes in houses		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
July 2023	plantation of Seed ball	for healthy life Trees are important	3154	270660
	Tree Plantations & creation of rain water harvesting pits	Trees will planted in campus and community to increase the green cover		
	workshops on Mission Life -fight against climate change	Awareness will be created to fight against climate change and bring in pro planet behavior among students		
	Tree Plantations & creation of rain water harvesting pits	Trees will planted in campus and community to increase the green cover		
	Bicycle rally to promote use of bicycles among students to save the planet	Bicycles usage will be promoted among students		
	Awareness on wider adoption of traditional and climate friendly sustainable practices	Message will be disseminated among huge population for adoption of traditional and climate friendly sustainable practices		
	Tree plantation and awareness on traditional water conservation practices	Understanding on importance of trees will be spread		
	Climate change awareness during NSS regular activities camps			
	Lecture on importance of diversity in nature	To aware volunteers about biodiversity		
	Yoga For Life	Yoga Demonstration & Practice for Healthy Life		
	Making of Eco friendly products like cloth bags	Instead of plastic bags reusable bags will be used, it will help to reduce plastic use		
	Lectures on 3 'Rs' Reduce, Reuse and Recycle	Spreading the message of 3 'Rs' will help in waste management		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
August 2023	Promote the use of Solar energy	Awareness on Renewable energy	2028	113285
	Fossil Fuels Awareness	Creating Awareness on Fossil Fuels value chain, across natural gas, coal and oil production and use		
	Slogan Writing Competition on Environment	Motivation and Awareness		
	Awareness Rally on climate change	Awareness will be created to fight against climate change and bring in pro planet behavior among students		
	Awareness Rally on preserving water bodies	Traditional Water bodies, lake, pond, river will be preserved by pro planet behavior by students and public		
	Awareness on judicious use of fuel in vehicle in urban area and regular pollution check.	NSS Volunteers and people will be benefited by understanding on proper use of fuel and to check pollution.		
	Plog run	Awareness among volunteers and people to keep the public places clean and make it plastic free , eco friendly		
	Quiz, Poster Essay painting competition on Environment Conservation	Awareness in Youth & Community on Environment Conservation		
	Awareness about the conversion of food wastes to compost	Making of compost from house wastes		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
September 2023	Seminar on Water harvesting in Home and Colleges	implementing To self-setting example for other to do so	6199	539232
	Rally Regarding Better Environment, Better Tomorrow.	Motivation and Awareness		
	Visit to corporation solid waste management segregation sites	Awareness will be generated on how to segregate solid wastes & organic wastes		
	Awareness on usage of LED bulbs in houses	Awareness on advantages of LED bulbs will be created		
	Lectures on the impact of E-wastes in a society	Creating Awareness about E-wastes and its ill effects		
	Dramas and Plays to create awareness about Deforestation	Awareness will be created among public about the after effects of deforestation		
	Observance of Pollution Prevention week from 19th to 25th September	NSS volunteers and community members will be benefited by understanding the different sources of pollution and impact on environment.		
	Plantation	Help in providing better ecology.		
	Creating awareness on Rain water harvesting	Creation of Rain water harvesting		
	Cyclothon for fitness	To raise awareness among volunteers on fitness through cycling		
Cleaning activities during Ganesha Festival	Cleaning activities at Ganesha Pendants & Nirmalya Collection for Environment Conservation			
	Cleaning of Beaches	Cleaning of Beaches, rivers and ponds and eradication of Plastic in these areas		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
October 2023	Awareness on recycling of waste using technology	To decrease the pollution by recycling	2856	126936
	Awareness Seminar for the Impact of climate change on behavioral changes in India	Motivation and Awareness		
	Clean India- swachh Bharat cleaning drives	Swachh bharat cleaning drives and SUP & wastes will be removed		
	Development of organic kitchen garden in institute campus.	NSS volunteers may develop and understand the benefit of organic kitchen garden.		
	Wild life week	Awareness among people about protecting and preserving of flora and fauna.		
	Awareness on Prohibition of SUP, Institution & public Places Cleaning-Plog Run	Cleaning activities in Public Places & Institutions		
	Awareness programs on Water Conservation	Water Conservation activities in adopted villages during Special camps		
	Cleaning of Historical Places	Cleaning of Historically important places		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
November 2023	Observance of World Fisheries Day	Volunteers and community members will learn the benefit of Fish rearing	2068	100963
	Drives against Single use plastics	Aware people about adverse effect of plastic		
	Lectures on Climate Changes and impact on Human Life	Creating awareness about global climatic changes and its impacts		
	Awareness drive for energy conservation	Awareness among volunteers for practice of using less energy		
	Cleaning of festival grounds	Cleaning of surrounding for devotees during festival days.		
	Cleaning beside river Ganga	Cleaning the Ganga river side on the occasion of Chhath puja		

Month	Name of Activity	Expected Outcome	No. of Institutions	No. of Expected Participants
December 2023	Elocution on water awareness	to do the awareness in special camps	1838	102432
	solid waste management awareness	Awareness will be generated on how to segregate waste		
	Climate change awareness during NSS special camps	Awareness will be created and make as responsible citizens to fight against climate change and pro planet people with by their responsible actions		
	Programmes on Save Energy, Save Water and Save Environment	Creating Awareness about conservation of water, energy and environment		
	Cleaning programmes conducted in Hospitals, Railway stations etc	To clean the public places and make it plastic free and eco friendly		
	Planting of Tree saplings	Tree saplings will be planted in the campus		
	Cleanliness drive at mela ground	Awareness among the volunteers and students regarding the hygiene and to keep surrounding clean for our healthy life.		
	Cleaning programmes in Coastal areas and other public places	Removal of Single Use Plastic Wastes from these places.
