

Embassy of India

Minsk

Action Plan for Mission LiFE at Embassy of India, Minsk during March - June 2023

Following are the proposed action plan in respect of this Embassy for the Mission LiFE awareness.

1. Energy Saved:

- (a) Mission to use LED bulbs/ tube-lights.
- (b) Switch off all the electric appliances when not in use & keep temperature of Air Conditioners to 24 degrees.
- (c) Use the stairs instead of an elevator wherever possible

2. Water Saved:

- (a) Fix leaks in flushes, taps and water pipes of the Embassy.
- (b) Turn off running taps when not in active use.

3. Single use Plastic Reduced:

- (a) Embassy Premises to be Plastic Free Zone.

4. Sustainable Food System Adopted:

- (a) Promotion and use of Millet Food in all Embassy programmes.

5. Water Reduced (Swachhata Actions):

- (a) To set printer default to double-side printing.
- (b) Buy paper products made from recycled paper.
- (c) Do not discard waste in public spaces.
- (d) Embassy to use organic manure for its garden at Embassy and India House.
- (e) Recycle and reuse old newspapers, magazines and repair old unused furniture.
- (f) Upload Mission Life circular on Mission's website and social media handles (viz. Twitter, Facebook etc.)

6. Healthy Lifestyles adopted:

- (a) Plant medicinal plant such as tulsi, mint, curry leaves etc in garden areas of Embassy.
- (b) Plantation of trees to reduce the impact of pollution in the Embassy.
- (c) Organising a yoga event to motivate people to adopt healthy life.

7. Screening of documentary on 'single use plastic' in Embassy.

8. Distribution of pamphlets on Mission LiFE awareness during the various events of Embassy.
